

VON EDELMOST ROTTWEILER - Puppy Questionnaire

Thank you for your interest in our Von Edelmost Rottweilers. We are very proud of our rottweilers and believe they represent some of the best qualities of the breed; excellent temperament, good health, wonderful family companions and conformation to the breed. Each of our Rottweilers have been carefully chosen and lovingly raised as part of our family.

As we plan our breeding, consideration is given to careful selection of a suitable mate. Therefore the breeding will result in puppies that represent the standards of the Rottweiler breed and make excellent family companions.

We will let our puppies go to their new homes at 8 weeks of age providing each one is growing steadily and is cleared by our veterinarian as healthy and ready to travel. Before leaving our home, they will have first vaccinations, been de-wormed, and will have been micro-chipped. You will receive a complete vaccine and health record with your puppy, as well as a Royal Canin Puppy Feeding starter pack and a Von Edelmost Collar and Leash set.

Because we are responsible breeders who care deeply for our dogs, puppies and the Rottweiler breed, we are committed to finding the best homes for our puppies. Below is a series of questions that will help us determine homes where our puppies will be able to reach their full potential. There are no right or wrong answers to these questions. Your answers will help us determine which puppy is more suitable for a particular home.

If you are interested in a Von Edelmost Rottweiler please read these questions carefully and answer them in as much detail as possible. Thank you.

11) How many hours a day will the dog typically be left alone? _____

12) Are you planning on taking your puppy through a training program? Rottweilers **must have formal and informal obedience training starting as soon as you get them home (puppies may begin attending classes as soon as they have completed their second set of immunizations)**. Be sure any program you choose utilizes “**positive reinforcement**” in their training.

13) Do you have specific training goals for your puppy (agility, carting, water work, obedience, etc.)? _____

14) Do you have a gender preference? (MALE / FEMALE)

15) Do you have any intention of showing/breeding this puppy? _____

16) If you are married or share your home with another person(s) do they support adding a Rottweiler to your family? _____

17) What are your plans to transport the puppy to his/her new home?

Unfortunately, we cannot guarantee the number of puppies our girls will have or the gender of the puppies. What we can guarantee is that the puppies will be loved and nurtured right along with our own dogs. They will receive the same quality care and devotion here that we expect they will be able to depend and thrive on when they reach their new homes.
